

Information letter no.3 KROSSS September 2010 revised

To participants

Comenius Course KROSSS

5th September- 11th September 2010

in London, England

Information letter no.3 revised

Hello again.

□ At the bottom of this letter you will find a detailed programme for the course. It is a guideline, but most probably there will not be made many changes to it.

□ From the programme you will see that all of you are asked to present something. Each country has 15 minutes and you are free to present what you wish. It could be about your own education system, but we would appreciate if you focus on the issue of racism in schools, sports and society in your country. We have had such presentations at many of our courses and evaluation has proved that this has been a very popular part of the programme.

Some countries have several participants at the course, please contact each other before coming to decide what you want to present about your own educational system to the others and who is doing the presentation. There are, of course, technical equipment available so Power Point presentations are fine.

The KROSSS Market Place

It would be very nice if you all could bring something about your country and/or your institution (posters, brochures, pictures, typical food, drinks etc.) so we can make a presentation in the conference room on the first afternoon. We will then have the possibility of mingling together and presenting the culture of our country at the same time being introduced to and "taste" the culture of the other countries. I attach a picture from a market place at another course we ran last year so you know what we are talking about.

□ If you have a suggestion for a Comenius project starting in 2011, are looking for partners and have some details about your project, please bring these along. You will probably find partners at the KROSSS course and be able to start planning already (Closing date for Comenius School Partnerships application is probably mid-February 2011)

I can be reached on my mobile 00 47 9964 4001 most of the time until we meet in London.

We have also established a KROSSS-group on Facebook. It has already got more than 150 members. You can join it by clicking on the Facebook logo on the opening page of the Web site.

Greetings to you all

John
